

P.A.T.H. Technology: A proprietary blend of plant-based adaptogens designed to enhance the skin's natural ability to adapt to stress and achieve balance for a more radiant, healthy-looking complexion.

- *Alpha Lipoic Acid (Thioctic Acid): An antioxidant that helps protect against signs of photoaging, improving skin's overall quality and appearance.*
- *Astaxanthin: An antioxidant derived from algae that contributes to the formula's unique color.*
- *Ergothioneine: An amino acid and powerful antioxidant that energizes the skin.*
- *Isosorbide Dicaprylate: An ingredient that works with the skin's natural hydration system to help balance moisture levels for improved skin barrier.*
- *Niacinamide: A moisturizing source of Vitamin B3.*
- *Hydrolyzed Sodium Hyaluronate: Helps provide skin with high moisture retention and free-radical defense.*
- *Squalane: Naturally occurring emollient in skin that supports moisture retention and improves skin suppleness and bounce-back.*
