

## Watch Warranty

### 1-year limited warranty

Simplify is proud to stand by our quality craftsmanship with a 1-year Limited Warranty. Your watch is warranted to the original consumer/purchaser against breakage or malfunction under normal use due to defects in material or workmanship. This 1-year Limited Warranty also includes all components and craftsmanship of the movement and watchcase. We will repair, or, at our option, replace any defective Simplify watch with the same or a comparable model. We will refund the purchase if repair or replacement is not commercially possible. The warranty will become null and void if the timepiece is misused, abused, tampered with or taken apart, or if the timepiece is repaired by anyone other than an authorized dealer. The warranty is not extended to the watchstrap, bracelet, finish, crystal, crown or battery. The warranty does not cover any incidental, consequential or special damage arising from any or all uses of the watch. Simplify watches must be repaired by an authorized dealer or the warranty is void. Some states do not allow the exclusion or limitations of incidental, consequential or special damages, so the above limitations may not apply.

### 2 year extended warranty on quartz movement

The 2 year extended warranty covers the quartz movement and internal components, for all Simplify watches.

The coverage includes:

1. Any movement that ceases normal operation or does not maintain accurate timekeeping.
2. Detached components (hands, indicators, dial decorations, etc.) – not caused by impact.
3. Winding stem and/or crown breakage or detachment.

**Note:** The 1-year and 2-year extended warranties do not cover water intrusion damages that result from improper use.

## How long will my Simplify watch repair take?

In most cases the repair will be completed within 3 weeks. For out-of-warranty work, an estimate will be provided; approval and payment for repair must be obtained prior to processing repair. Please note there may be issues beyond our control, such as holidays, parts backorders or unique repairs that affect actual times.

## Where can I take my Simplify watch to have the battery changed?

We recommend visiting your local professional jeweler or authorized watch dealers who are properly trained to change watch batteries. Be sure to ask your jeweler to re-seal your watch to ensure water-resistance. If this is not done, or done incorrectly, it may void your warranty. In order to ensure proper water-resistance, your watch must be pressure sealed once your battery has been replaced. Failure to do so can damage the movement of your watch. If desired, you may send your watch to our Simplify Watch Service Center (US Customers only) for battery replacement. Please send your watch along with \$20.00 to the address listed below. The cost includes replacing your battery and pressure testing the watch for water-resistance along with the cost of return shipping and handling (continental U.S. only). Send to: 3160 Haggerty Rd Suite K, West Bloomfield, MI, 48323. Please enclose your watch with your return address, phone number and e-mail address. Please include a check or money order made payable to RESULTCO, along with a note requesting battery replacement. PLEASE DO NOT SEND CASH. Your watch will be returned to you within 3-6 weeks of our receiving it - time varies due to holidays and type of repair. If, at the end of the time period, you have not received a call or an email about the status of your repair, please contact customer service for an update. When shipping, we recommend that you insure your watch against damage, theft or loss. We are not responsible for damage, theft or loss during shipping.
