Powermax Warranty Policy

Powermax® product carries a limited warranty against defects in material under normal use and service for a period 1-5 years (warranty period varies depending on product type, please check user manual for specific details) from the original date of purchase. The distributor or reseller, at its option, should repair or replace the defective unit according to this warranty. Please based on the dated sales receipt as evidence. In order to keep this warranty in effect, the product must have been used as described in the instructions per this warranty. Powermax warranty does not cover any damage due to accident, misuse, abuse or negligence.

Like many others premium goods, Powermax/ACDelco products are being duplicated and sold, usually at diminished quality. These products do not meet Powermax standards. These products are not covered under Powermax warranty. If you would like to report a suspected counterfeit Powermax/ACDelco product or have questions concerning this issue, please contact us at support@powermaxusa.com
