

Trickle Down Technomics

All Premium Recertified™ equipment is in good to excellent condition (unless otherwise noted), carries our 90-day hardware warranty, and is refurbished (tested and cleaned) by our trained Premium Recertified™ technicians. Our technicians run meticulous hardware diagnostics and thoroughly inspect every recertified product. Items with remaining manufacturer warranties are covered by the manufacturer as the primary service provider.

The warranty begins the date the order is delivered and ends 90 days after delivery date. In the rare event a hardware problem occurs during our warranty period, please email the Premium Recertified™ Customer Service department at cs@irecertify.com. If it is determined that your product should be returned, an RMA # is required. You must email a description of the hardware problem to obtain a Return Merchandise Authorization (RMA). This email automatically starts a support ticket. The ticket closes when the issue has been resolved. The Premium Recertified™ warranty only covers repair service provided at our location. Items arriving for RMA service must: a) be repackaged properly, insured, and include all original items (AC Adapters, power cables, Keyboards, Mice, bundle items, etc.) b) have the RMA# visible on the outside of each package c) have an RMA shipment tracking # emailed to Customer Service before the warranty expiration date. Failure to follow any of these steps can render your equipment ineligible for repair. If any items are not returned that were original, shipped fees may apply. RMA service covers parts and labor. RMA services DOES NOT cover software issues, such as corruption of the Operating System or software incompatibility. Our warranty is voided if authorized RMA: a) # is never issued b) is not in original condition c) has been serviced by a 3rd party d) is the result of accidental or liquid damage. Please backup your data prior to RMA service. iRecertify is NOT responsible for data loss or transfer.
