

Key Ingredients:

- TriHex Technology® – A blend of active peptides and key ingredients that works with the skin to help clear out damaged elastin and collagen and support the skin's natural ability to produce new, healthy elastin and collagen.
- Hexapeptide-11 – Supports the body's natural detoxification and repair process to help enhance the appearance of tighter, firmer, and more sculpted body and skin following an in-office treatment.
- Acetyl Tetrapeptide-2 & Dill Extract – Help to increase elastin production, improving the texture of the skin.
- Linseed Extract – Help to increase GAGs and HA production for improved hydration
- Linseed Extract, Plantain Leaf – helps with the appearance of firmness, smoothness, and pigmentation.

Full Ingredients:

Water/Aqua/Eau, Caprylic/Capric Triglyceride, Squalane, Glycerin, C12-16 Alcohols, Dimethicone, Cetearyl Alcohol, Palmitic Acid, Caffeine, Hexapeptide-11, Palmitoyl Tripeptide-1, Palmitoyl Hexapeptide-12, Phosphatidylserine, Oleuropein, Plantago Lanceolata Leaf Extract, Centella Asiatica Extract, Butyrospermum Parkii (Shea) Butter Extract, Glaucium Flavum Leaf Extract, Persea Gratissima (Avocado) Fruit Extract, Olea Europaea (Olive) Leaf Extract, Acetyl Tetrapeptide-2, Hydroxymethoxyphenyl Decanone, Dunaliella Salina Extract, Peucedanum Graveolens (Dill) Extract, Linum Usitatissimum (Linseed) Seed Extract, Euglena Gracilis Extract, Hydrolyzed Candida Saitoana Extract, Xanthan Gum, Hydrogenated Lecithin, Bentonite, Helianthus Annuus (Sunflower Seed Oil), Lecithin, Sclerotium Gum, Pullulan, Propanediol, Caprylyl Methicone, Butylene Glycol, Phospholipids, Tocopherol, Ascorbyl Palmitate, Citrus Aurantium Dulcis (Orange) Peel Oil, Disodium EDTA, Ethylhexylglycerin, Caprylyl Glycol, Caprylhydroxamic Acid, Phenoxyethanol.
