

ESSENTIAL SET

How to Use: Use only as instructed. Apply serum in the PM on clean, dry skin. One dip of the wand is enough for both eyes. Wipe excess product from brush before applying & use a single stroke on the eyelid above the upper lash line, taking care not to get serum in eye. Do not apply to the lower lash line. Avoid getting serum in the eyes; if so, immediately rinse thoroughly with cool water to remove serum from eye. Allow 2-3 minutes for serum to fully dry before applying other products or lying down. Once satisfied with results, use 2-3 times a week to maintain your look. This product contains a small amount of isopropyl cloprostenate, a synthetic prostaglandin analog. See directions & warnings inside the box.

PRO LASH SEPARATOR

How to Use: Use immediately after mascara application, while mascara is still wet. Place comb near base of lashes and gently wiggle it into the lash line. Carefully comb lashes, moving up, out, and away from eyes. If applying more than one coat of mascara, wipe off excess product and comb lashes after each additional application.

WARNING: FOR EXTERNAL USE ONLY. ALWAYS LOOK IN A MIRROR WHILE USING THE LASH COMB. DO NOT INSERT LASH COMB INTO EYE. GENTLY WIPE CLEAN AFTER USE WITH AN ALCOHOL WIPE. ALLOW TO AIR DRY BEFORE CLOSING COMB. DO NOT CLEAN PRODUCT WITH MAKEUP REMOVER AS THIS MAY DAMAGE THE COMB.
