HOW TO APPLY

Amplifying Brow Serum

1. Apply serum at night on clean, dry eyebrows, using one dip of the wand per brow.
2. Use one dip of the wand per brow. Wipe excess product from wand & use short strokes along the natural shape of the brow, focusing on thin, sparse areas.
3. Allow 2-3 minutes for serum to fully dry before applying other products.

Use only as instructed, reading all directions & warnings. This cosmetic contains a small amount of Isopropyl Cloprostenate, an analog of prostaglandin. Avoid getting serum in eyes; if so, immediately rinse thoroughly with cool water to remove serum from eye.

Volumizing Brow Filler

1. Use daily as one of the steps in your beauty routine.
2. Starting at the inner edge of your brow, apply brow filler using short strokes and brushing the hairs in the direction you want them to lay.
3. BABE TIP: For extra fullness, brush product against the direction of growth and then smooth hairs back in place with a second coat.

HOW OFTEN TO USE

Apply Enhancing Brow Conditioner daily in the PM. Once satisfied with the results, use 2-3 times a week to maintain your look.

WARNING: For external use only. Keep out of reach of children. Only apply with applicator. Do not share applicator. Secure lid tightly after each use. Avoid getting in eyes; if so, immediately rinse with cool water. Do not use if pregnant or nursing, undergoing treatment for glaucoma or cancer, or if you have ever experienced conjunctivitis, dry eyes, eye infections, styes, irritation from other cosmetics applied in the eye area, or any eye-related disorder or illness. Discontinue use immediately if irritation occurs. If symptoms persist, seek medical attention.
