How to use

HOW TO APPLY

Essential Lash Serum

- 1. Apply serum at night on clean, dry skin.**
- 2. One dip of the wand is enough for both eyes. Wipe excess product from brush before applying & use a single stroke on the eyelid above the upper lash line, taking care not to get serum in eye. Do not apply to lower lash line.**
- 3. Allow 2-3 minutes for serum to fully dry before applying other products or lying down.**

Use only as instructed, reading all directions & warnings. This cosmetic contains a small amount of Isopropyl Cloprostenate, an analog of prostaglandin. Avoid getting serum in eyes; if so, immediately rinse thoroughly with cool water to remove serum from eye.

Enhancing Lash Conditioner

- 1. Apply conditioner daily in the AM on clean, dry skin.**
- 2. Use one dip per eye.**
- 3. Apply conditioner in the AM just above your upper eyelash line on clean, dry skin (swipe it on like eyeliner!).**
- 4. Allow 1-2 minutes for the conditioner to dry before applying other products.**

HOW OFTEN TO USE

Apply Enhancing Lash Conditioner daily in the AM, and Essential Lash Serum daily in the PM. Once satisfied with results, use 2-3 times a week to maintain your look.

Essential Lash Serum beginners should apply serum every 2-3 days and work up to nightly use once eyes are used to the product.

WARNING: For external use only. Keep out of reach of children. Only apply with applicator. Do not share applicator. Secure lid tightly after each use. Avoid getting in eyes; if so, immediately rinse with cool water. Do not use if pregnant or nursing, undergoing treatment for glaucoma or cancer, or if you have ever experienced conjunctivitis, dry eyes, eye infections, styes, irritation from other cosmetics applied in the eye area, or any eye-related disorder or illness. Discontinue use immediately if irritation occurs. If symptoms persist, seek medical attention.
