

1. **Water (Aqua)** – The primary solvent and base ingredient that hydrates the hair and scalp.
2. **Cyclopentasiloxane** – A lightweight silicone that smooths the hair, adds shine, and helps with detangling.
3. **Dimethicone** – Another silicone that adds smoothness, reduces frizz, and helps coat and protect the hair.
4. **Glycerin** – A humectant that draws moisture into the hair, providing hydration and helping to maintain hair softness.
5. **Cocamidopropyl Betaine** – A mild surfactant derived from coconut oil that gently cleanses the scalp and hair, without stripping natural oils.
6. **Sodium Chloride** – Used to adjust the viscosity (thickness) of the conditioner.
7. **Panthenol (Pro-Vitamin B5)** – A hydrating ingredient that helps improve hair elasticity, smoothness, and overall manageability.
8. **Hydrolyzed Silk** – A protein that helps to strengthen hair and restore smoothness by adding moisture and resilience.
9. **Niacinamide (Vitamin B3)** – Improves blood circulation to the scalp, supporting a healthy scalp environment for optimal hair growth.
10. **Menthol** – Provides a cooling, refreshing sensation that soothes the scalp and helps promote a healthy feeling.
11. **Tocopheryl Acetate (Vitamin E)** – A powerful antioxidant that helps protect the scalp and hair from oxidative damage and environmental stressors.
12. **Polyquaternium-7** – A conditioning agent that helps smooth the hair, reduce static, and improve texture.
13. **Citric Acid** – Used to adjust the pH of the conditioner to match the natural pH of the scalp and hair, maintaining scalp health.
14. **Methylisothiazolinone & Methylchloroisothiazolinone** – Preservatives used to prevent the growth of bacteria and fungi, extending the product's shelf life.
15. **Fragrance (Parfum)** – Adds a pleasant scent to the conditioner.
