

Active Ingredient(s) & Concentration: Octinoxate 7.5%, Zinc Oxide 9.0%

Ingredient Insights:

Zinc Oxide: Natural mineral compound that works as a sunscreen agent by reflecting and scattering UVA and UVB rays

5% Niacinamide (Vitamin B3): To help visibly improve skin tone and discoloration

Sodium Hyaluronate (Hyaluronic Acid): Humectant that attracts and retains moisture, improving skin feel and restores suppleness

Tocopheryl Acetate (Vitamin E): Antioxidant that reduces free radicals to help diminish the visible signs of aging
