

Warranty Service

60-Day Warranty Service Agreement

- Warranty coverage is effective 60 days from the date of purchase.
 - This warranty covers parts, labor, and shipping costs within this time period.
- Products must be returned as received; clean and securely packaged: well cushioned, in a sturdy box. We do not recommend using a soft sided mailer (bubble, kraft paper or otherwise.)
 - Improperly packaged units that arrive damaged in shipping may be considered to be void of warranty and will be refunded minus shipping costs and/or a restocking fee **up to 50%** of the original purchase price.
- Damage caused by abuse, improper handling or packaging is not covered.
- Please send all components/accessories (batteries, chargers, carrying case, etc).
 - Failure to include these could result in a fee to replace the component or delay in refund/replacement until component is received.
