- 3 sets of Earbud Tips (S,M,L)
- Micro USB Charging cable
- Charging Case
- Users guide

EARBUDS AND CHARGING CASE CONTROLS:

1. LED Charging Indicator
2. Micro USB Charging Port
3. Multi-Function Button
4. Microphone/LED Indicator

GETTING STARTED

To start using your Jarv Active Motion True Wireless Bluetooth Stereo Sport Earbuds, please follow the steps below:

1. Ensure your Bluetooth Earbuds are fully charged.
2. Pair your Bluetooth Earbuds to a Bluetooth-enabled device, prior to use. (See Pairing your Headset instructions)

CHARGING YOUR EARBUDS AND CHARGING CASE

CHARGE FULLY BEFORE USE

To charge your headset, use the supplied micro-USB charging cable, the earbud indicator will turn RED when charging and turn OFF once charging is complete.

The Charging Case LED Indicator light will show 4 blue solid lights once charging is complete.

PAIRING YOUR HEADSET

The Jarv earbuds are designed to automatically Power On and Pair to each other once removed from their charging case.

Charge your earbuds , Remove both earbuds from the charging case and listen for the "Connected" voice prompt. This will ensure that the earbuds are connected to each other.

Once the earbuds are successfully connected, go to the Bluetooth Settings of your device and select "**Active Motion**" from the list of devices shown.

Please Note: If you do not hear the “Connected” voice prompt, please place the earbuds back in the charging case and REPEAT Step 1. Alternatively, you can press and hold down the multi-function button for 3 seconds on both earbuds to force power ON, pairing and connection.

MUSIC MODE

Play/Pause Music	Once connected to your music player, Press the Multi-Function button once to play music. Short Press the Multi-Function button to pause music
Next Track	Press the Multi-Function button 3 times on either one of the earbuds to select the Next Track
Volume Control	Music Volume can be controlled directly from your mobile phone. No controls are available for this function on the earbuds

TROUBLESHOOTING

Connection issues

- Be sure that your headset is fully charged and powered on.
- Be sure that the headset is paired with your mobile phone.
- Be sure that your mobile phone's Bluetooth feature is activated.

Audio issues

Wireless devices are susceptible to interference that may affect audio quality and result in static.

- Make sure there is a direct line of sight between your earbuds and phone. Avoid placing objects that can block radio signals, between paired devices. These include walls, doors, and windows.
- Make sure the distance between your headset and the paired device does not exceed 33 feet (10m).
- Low battery capacity in your earbuds and mobile phone may affect the Bluetooth range.

Note: *Low battery capacity in your earbuds and mobile phone may affect the Bluetooth range.*

Bluetooth Connection issues

If you are experiencing Bluetooth connection issues - Keep the music device at or above waist level on your right side, the same side as the headphones antenna

SAFETY INFORMATION

- Check local laws regarding the use of mobile phones and headsets while driving.
- If you use the headset while driving, ensure that your attention and focus remains on the road and you drive in a responsible and safe manner.
- Never allow children to play with the headset, as the small parts may be a choking hazard.
- Observe all signs that require an electrical device or RF radio product to be switched off in designated areas. These could include hospitals, airplanes, blasting areas, and potentially explosive environments.
- Never mount or store your headset over an air bag deployment area, a serious injury may result when the air bag deploys.
- Do not open or mutilate the built-in battery.
- Dispose of batteries according to local regulations.

CARE AND MAINTENANCE OF YOUR HEADSET

- i. Consider turning your headset off before placing it in your pocket or bag. If the Power button is accidentally activated, your mobile phone may place an unintended call.
- ii. Do not expose the headset to liquid, moisture or humidity, as it is not waterproof.
- iii. Do not use abrasive cleaning solvents to clean the headset.
- iv. Do not expose the headset to extreme temperatures. The best storage temperature range is from 40-80 F, otherwise, the life of the headset will be affected.
- v. Do not dispose of the headset in fire as it this may result in an explosion.
- vi. Do not bring your headset into contact with sharp objects as this will cause scratches and can damage the headset.
- vii. Do not attempt to disassemble the headset, as it does not contain serviceable components.
- viii. If you do not use the headset for long periods, be sure to store it in a dry place, free from extreme temperature conditions and dust.

WARNING AND PRECAUTIONS

WARNING: To prevent fire or shock hazard, do not expose this unit to rain or moisture.

WARNING: Do not place this unit directly onto furniture surfaces with any type of soft, porous, or sensitive finish.

WARNING: Lithium batteries, like all rechargeable batteries are recyclable and should be recycled. Contact your local government for disposal or recycling practices in your area.

NOTE: If you suspect your battery may be dead after several attempts to charge, please visit **www.jarvmobile.com** for support.

Never disassemble the unit or attempt to remove the battery as that could cause leakage of an electrolyte substance

FCC WARNINGS

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protections against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.
