PRESSMAN'S TALE

Pressman's is a dedication to the historic era of early 20th century when Sandwiches were first introduced to America. Very soon it captured the diet penchant of the country and became the way of life for Americans...

It was a time when road side kiosks and small cafes in America used to Press Sandwiches for their customers and serve it in make-shift plates made of newspapers. People would often meet up over a Sandwich to only get embroiled in the headlines of these newspapers wrapped around the sandwich and break into passionate conversations which would often take shape of social discourse.

Pressman's revisits this very origin of Pressed Sandwich culture and expand its authenticity to serve not only Pressed Sandwiches but also Pressed wraps, Pressed Platters, Pressed chips and even Pressed desserts; thereby allowing our guests to engage with the warmth and nostalgia of yesteryears and yet relish the experience of modernity at Pressman's...

Each of Pressman's products is uniquely Pressed, refreshingly distinct yet authentic. With freshly baked signature breads, marinated stuffing and only pure ingredients sourced daily, every item on Pressman's menu is hand-crafted to perfection and served fresh every day.

Our servers or "Pressman" as we call them are always ready to serve a master-piece that comes straight "Off the Press... From the Heart"!!!
